

RE: ENVIRONMENTAL IMPACT STATEMENT ON INDOOR AIR QUALITY

To Whom It May Concern:

Thank you for your request concerning additional information regarding indoor air quality for the products that we supply to you. We have contacted **THE CARPET AND RUG INSTITUTE** in Dalton, Georgia and have been tested and certified a Green Label Plus number. Nood Fashion has been certified and assigned a Green Label Plus number of GLP 7556 for our products made with nylon pre-dyed, polyurethane backing.

This essentially means that our finished carpet meets and exceeds the requirements of IEQ Credit 4.3: Low-Emitting Materials – Flooring Systems of the US Green Building Council (LEED Certification Program). Tests were run by CRI in an effort to reduce the quantity of indoor air contaminants that are odorous, irritating and/or harmful to the comfort and well-being of installers and occupants.

Thank you for your inquiry and your continued support of our product line.

Sincerely,

**TECHNICAL SERVICES
NOOD FASHION**
